OUR PRODUCT

KTL Gel

KTL is an herbal product in the form of moisturizing gel to treat, cure and overcome a variety of problems virility adult.

Because of the reduced elasticity of the collagen layer surrounding the erectile chamber fibers, the vital organs are smaller and the size of the vital organs is not maximal when erect. Furthermore, the feeling of warmth caused will give maximum results to enlarge the blood vessels, so that blood can flow freely to the genitals. Because the more blood flows, the vital organs get bigger and harder.

Benefits of KTL Gel:

overcome and treat premature ejaculation, increase the level of violence of male genitals, increase the duration in having sex, not numb and not numb, and treat and maximize the function of vitality organs.

OUR PRODUCT

Jawara

Refreshing powder drinks. Made from a special formula of Korean red ginseng, combined with vitamin C, dextrose and refreshing orange flavoring.

Processed using special technology, this making the formulation rapidly dissolves in the blood vessels. Impact, provide fast response to increase stamina and maximize the size and duration of intercourse.

the ginseng formula works optimally to improve the nervous system and gives maximum effect to the body that has a disturbance in intercourse. Safe to consume by people with diabetes, hypertension and obesity, and heart problems.

Providing confidence for men and maintain the condition in order to stay fit in any condition.

OUR PRODUCT

LOVELES

an herbal product in the form of moisturizing gel antiseptic to treat, cure and overcome a variety of problems virility adult.

Because of the reduced elasticity of the collagen layer surrounding the erectile chamber fibers, the vital organs shrink during erection. Furthermore, the feeling of warmth caused will give maximum results to enlarge the blood vessels, so that blood can flow freely to the genitals. Because the more free blood flows, the vital organs are getting bigger and harder.

Efficacy of loveles:

overcome and treat premature ejaculation, as an antiseptic, increase the size and hardness of male genitals, increase the duration of intercourse, not numb and not numb, and treat and maximize the function of vitality organs.

OUR PRODUCT

Voila

VOILA is a health powder drink product that is proven effective, especially for adult women (safe, satisfied and warm).

WHAT ARE THE CONTENTS AND BENEFITS OF DRINKING VOILA?

- Pueraria Mirifica, an herbal plant from Thailand, contains phytoestrogen which is similar to the female hormone estrogen (but this is not a hormone), so it can improve the function of female organs, such as the breast, vital organs (vagina), and sexual stimulation in the nerve center of the brain so that it increases a woman's libido.
- Sweet root, an herbal plant that grows mostly in Southern European countries, contains glycyrrhizin, which functions to improve adrenal work, so it can reduce anxiety and depression in women.
- Kacip Fatip, known as the Latin name Labisia Pumila, which is well known as a female stick, this herbal plant has two important ingredients, miroestrol and deoxymiroestrol which play an important role in maintaining a woman's vaginal wall muscle tone, and is rich in isoflavone which acts as an anti-inflammatory / anti inflammation.
